The Corps Regulatory Division is soliciting comments from the public and Federal, state, and local agencies and officials, Native American Indian Tribes, and other interested parties for consideration and evaluation of the impacts of this proposed activity. Instructions for commenting are included in the Public Notice which is available at the above link.

The Corps Regulatory Program evaluates permit applications for most construction activities that occur in the nation's lakes, rivers, streams, oceans, and wetlands. Written comments received during the public review period will be considered by the Corps and will become part of the administrative record for the decision.

You may contact Vanessa Navarro, Project Manager at (213) 219-0798 or via email at [Vanessa.Navarro@usace.army.mil](mailto:Vanessa.Navarro@usace.army.mil) with any questions or comments regarding this matter.

You may also see a list of Final Regulatory Actions at the link below. On the right side menu, click on Final Regulatory Actions: <http://www.spl.usace.army.mil/Missions/Regulatory.aspx>

### *Regulatory Program Goals:*

- To provide strong protection of the nation's aquatic environment, including wetlands.
- To ensure the Corps provides the regulated public with fair and reasonable decisions.
- To enhance the efficiency of the Corps' administration of its regulatory program.
